

#PrisonToSchoolPipeline

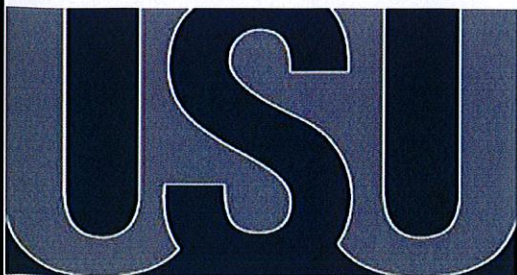

Urban Scholars Union

Join Us!

We are a organization of formerly incarcerated students at San Diego City College. Collectively, we have come together to support one another on and off campus to promote change. We are committed to dismantling the vicious school-to-prison pipeline. USU consists of student advocates with lived experience committed to supporting all cultures transitioning from incarceration to education. Our vision is to cut recidivism rates through **Empowerment, Leadership Development, and Reconstruction of Social and Personal Narratives.**

Every Wednesday @ 4:00 PM
